

**Working in Technology Means  
Expanding the Imaginations of Your Clients.  
And the Ones of Your Company**

## **Senior Technical Consultant Syndigo/Riversand (all genders)**

Parsionate – Part of Accenture empowers businesses and unleashes their potential to create innovative new solutions. The key: data and all it has to offer. From strategy development to large-scale technological implementation, Parsionate works end-to-end on the client's side. This is Data Leadership.

## What you can expect:

- You support (architectural consulting and conception) in the implementation of MDM, PIM and PXM solutions for our customers
- You define and realize processes, workflows and the integration of systems and components in the field of master data and product information management as well as data quality management
- You develop and implement solutions based on the Riversand/Syndigo MDM platform - either independently or in a team, depending on the complexity
- Planning and conduction of workshops based on a proven consulting methodology
- You take responsibility in the passionate team to achieve the business goals of our customers
- As an experienced consultant/architect personality, you support our young professionals with advice or also act as a sparring partner

## Your skillset:

- You have a (technical) university degree, e.g. in computer science, business informatics, industrial engineering or business administration with a focus on computer science or comparable training
- You have at least 4 years of experience as an IT consultant, software architect or software engineer
- You ideally have experience in the implementation and integration of standard software solutions
- You have deep knowledge in Java and Java technologies, JavaScript (Node.js, Polymer), JSON / XML technologies, Web Services (RESTful) and the use of CI/CD environments
- You are fluent in written and spoken German and English
- You have a high sense of initiative, strong analytical and conceptual skills, strong communication skills, persuasiveness and assertiveness
- You know how to act responsible, reliable and flexible in the team
- A high sense of quality and personal engagement
